- ⚡ Has a height of 8m.
- ⚡ Equipped with offices with separate entrance.
- ⚡ Electricity & water infrastructure ready.
- ⚡ Cars' Parking.
- ⚡ Fitted with fire alarm, Fire exit doors and firefighting system.
- ⚡ Equipped with Washroom in both office and warehouse.
- ⚡ Equipped with A lightning rod.
- ⚡ 24-hour security within the SFZ boundaries.
- ⚡ Industrial floor's capacity of 3.5 tons.

▶ WHY MAZAYA

FREE ZONE BENEFITS

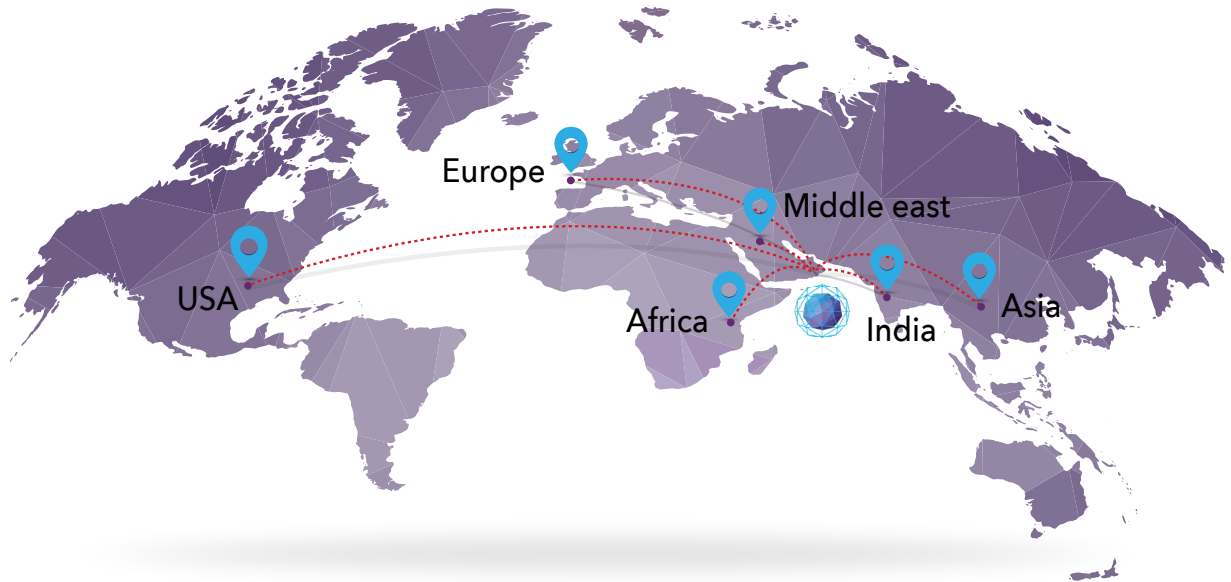

- ⚡ Exemption from taxes, exemption from customs, 100% foreign ownership, and other Free Zone's incentives.
- ⚡ Strategic location on the Equatorial Trade Routes.
- ⚡ Air, sea and overland connectivity.
- ⚡ Adjacent to one of the largest container ports in the world, the Port of Salalah, linking to Africa, the Middle East and Asia to different markets in Europe and the America.
- ⚡ Investor-friendly establishment process.

MAZAYA BENEFITS

- ⚡ Several access points for effective movement of goods and cost saving.
- ⚡ Salalah's mild climate contributes to reducing electricity consumption.
- ⚡ Fully thermally insulated.
- ⚡ MAZAYA's height allows vertical expansion and thus optimum utilization of space.

► MAZAYA IS AN IMPORT, EXPORT & TRADING HUB WITH HIGH CONNECTIVITY

Up to an average 32% shorter transit times to all main consumer markets compared to any other regional hub.

PORT OF SALALAH

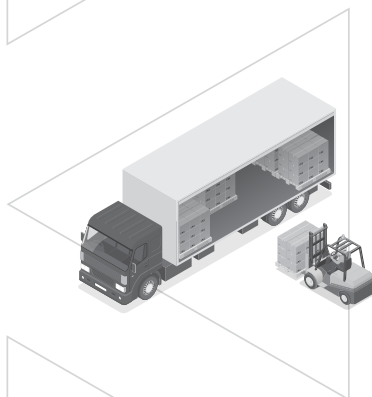

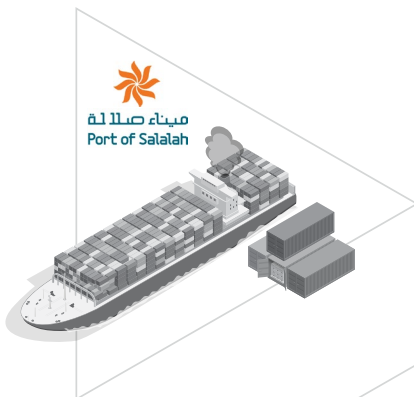

- ⌚ Approximately 5-10 minutes drive.
- ⌚ On major international shipping routes with 2 weeks of major ports.
- ⌚ Deep sea 18 m depth.
- ⌚ 130 Million Tons of diversified cargo of dry and liquid bulk, break-bulk and project cargo.
- ⌚ Maersk International Group is the strategic partner of the Sultanate in the Port of Salalah.
- ⌚ Feeder vessels that can serve the upper Gulf, India, East Africa.
- ⌚ Handled 4.34 million TEUs in 2020.

ROAD

- ⌚ Direct highway access to GCC and Yemen markets.
- ⌚ Oman has initiated the implementation of the coveted International Road Transport System (TIR), which allows transport companies and custom authorities to significantly cut down on time and money at the borders.
- ⌚ TIR is one of the key trade facilitation tools to enhance the transit of goods through direct trade routes to the GCC market, India, & African market.

SALALAH AIRPORT

- ⌚ Approximately 15 minutes drive.
- ⌚ Can handle 100,000 tons per year to be increased to 400,000.
- ⌚ Qatar Airways, and Oman Air, operate regular weekly flights from Salalah airport.
- ⌚ Total flights from Muscat to Salalah in a week is 163 (+ 3 flights per day).
